Discovers Vast Deposits of Platinum in Albania

W ASHINGTON, March 16,Discovery of vast denosity Discovery of vast deposits of platinum in Albania was announced to-day by Constantine A. Chekrezi, Commissioner from Albania to the United States. In a letter to H. Foster Bain, Director of Bureau of Mines, he says the platinum was unearthed several weeks ago by Prof. Saderholm of the University of Helsingfors, in Albania on a mission for the League

Platinum was found in sufficient quantities to warrant belief that the deposits in the Ural Mountains controlled by Russian Soviet Gov-ernment, would lose their position as the world's chief supply of the precious metal. Considerable quantities of anthracite coal also were discovered by Prof. Saderholm.
